

CAPABILITY STATEMENT

> WHO WE ARE

UTD Precision Manufacturing is a West Hartford, Connecticut-based manufacturing provider specializing in aerospace sheet fabrication, tube bending, welding, heat treating, and dip brazing. Working primarily with materials like aluminum, stainless steel, Inconel, and titanium.

> CORE CAPABILITIES

Manufacturing

- Tube Bending (Aluminum, Stainless Steel, Inconel, Titanium) 1/8 (.125) - 6" OD, Thin & Thick Wall
- Welding (Aluminum, Stainless Steel, Inconel, Titanium)
- Aluminum Heat Treating
- Aluminum Dip Brazing
- Sheet Forming (Brake Press & Deep Draw)
- CNC Milling & Turning
- Laser & Waterjet Cutting
- Wire EDM
- Tube End Forming/Fitting (Swaging, Flaring, Beading, etc.)
- Hardware Installation (Nut Plates, Rivets, etc.)
- Parts Cleaning

Inspection

- CMM & Romer Inspection
- Pressure/Leak Testing (Air/Nitrogen or Water)
- Hexagon TubeInspect P16.2
- Hardness & Conductivity Testing
- AS9102 First Article Inspection

UTD PRECISION MANUFACTURING

DUNS: 00-114-1852

NAICS: 336413, 336412

CAGE CODE: 79043

EIN: 060572480

WE ACCEPT CREDIT & PURCHASE CARDS

> NEED A QUOTE?

Submit your project to RFQ@utdco.com where it will go through our streamlined quote review process.

We appreciate your interest in UTD Precision Manufacturing!

UTD

> WHY CHOOSE US?

Expertise from Experience

100+ years in business gives UTD the experience to tackle your next project.

Constant Communication

With a dedicated account manager, transparent communication provides insight on the status of your order.

Internal Leverage

Having many processes under one roof allows us to keep cost down and maintain better control of production & quality.

> CERTIFICATIONS & COMPLIANCES

- AS9100/ISO9001 Accredited
- NADCAP (Welding, Heat Treating, Non-conventional Machining)
- ITAR Registered
- F-17 LCS (PWA End-Use)

> PAST PERFORMANCE

- Boeing Commercial Aircraft
- RTX Technologies
- Collins Aerospace
- Pratt & Whitney America
- Pratt & Whitney Canada
- Sikorsky - Lockheed Martin
- Cobham
- Triumph
- Thales Group
- Mitsubishi Heavy Industries
- G.E. Avio
- US Navy / Military Support
